About ACCE

Association of Consulting Civil Engineers (India) was formed and registered in 1985 by a group of Consulting Civil Engineers in Bangalore. The main object of the association is to encourage and foster the ideals of the profession, to hold conferences/meetings/seminars for dissemination of knowledge amongst civil engineers in particular and society at large. ACCE (I) with its head quarters at Bangalore, has pan India presence with 4000+ members and centres are currently at Ahmedabad, Bangalore, Bidar, Chennai, Coimbatore, Chidambaram, Davangere, Delhi, Dharwad, Goa, Hyderabad, Hubli, Indore, Karimnagar, Mangalore, Madurai, Mysore, Nagpur, Nashik, Vijayawada & Vishakapatnam.

Why this Seminar

Earthquake engineering is ever intriguing as the nature itself. Philosophy and rational practices have always been a subject of interest. IS 1893 - 2016 & IS 13920 -2015 have undergone major changes in recent times. It is imperative for practicing engineers, academicians and enforcing authorities to understand the implications of the revisions. As a step towards achieving this goal, ACCE(I), Hyderabad chapter is organising one day event on creating thorough awareness on codes. Speakers are none other than code committee members and acknowledged professionals. Dependencies on software and their capabilities are included. To make this interactive, summary of the issues raised by professionals are shared with speakers to customise the presentations.

Knowledge Dissemination by

1) Prof. D .K. Paul

Emeritus Professor , IIT, Roorkee
Chairman - Code Committee
IS 1893-2016, IS 13920-2016
