

**One Day Seminar
on Proposed Revision
of
IS 456:2000
Plain and Reinforced
Concrete
and
IS 1343:2012
Prestressed Concrete
- Codes of Practice**

**Date-
to be Announced
Nehru Science
Centre, Mumbai**

Greetings!

Codes of Practice- IS456:2000 Plain and Reinforced Concrete – and IS1343:2012 Prestressed Concrete are revised comprehensively. To understand and discuss the proposed revisions in the code, SEFI is happy to organize a one-day Seminar in Mumbai on this topic, in association with ISSE. The Seminar will be held in Mumbai on ____ (*Revised Date to be Announced*).

SEFI is inviting to Mumbai three resource persons, who are involved in the drafting of the revised code, to share the philosophy and rationale underpinning the revisions and the proposed major changes in the codes.

This is one of the early curtain raiser events of the proposed revision of the Codes. The Seminar will present both *the conceptual understanding* of material behavior and structural behavior, and *the major implications* of using the proposed revised standard on the state-of-the-practice of design and construction.

Program details of the Seminar are attached. Interested persons may please fill the attached form and remit the registration fee of Rs. 2,000 as given therein. There are limited number of seats to facilitate good interaction between the resource persons and participants, so register at earliest to avoid disappointment.

We look forward to your enthusiastic participation in this special Seminar.

Industry Associates

One Day Seminar on Proposed Revision of IS 456 and IS 1343

Nehru Science Centre Auditorium, E. Moses Rd., Worli, Mumbai
(Revised Date to be Announced)

SCHEDULE		
Time	Activity	
9:30-10:00	Registration	
10:00-10:10	Opening Comments	
10:10-11:00	Overview of Proposed Fifth Revision to IS 456 and IS 1343	C V R Murty, IIT Madras
11:0-11:20	Tea Break	
11:20-12:10	Proposed Changes in IS 456 Section 2 and IS 1343 Section 2: Materials, Workmanship and Testing	V V Arora, NCCBM, Ballabgarh
12:10-13:30	Proposed Changes in IS 456 Sections 3-5 and IS 1343 Sections 3 and 4: Design and Detailing	Rupen Goswami, IIT Madras
13:30-14:30	Lunch Break	
14:30-15:00	Some Concerns and Comments on IS 456:2000 from SEFI discussions	Alpa Sheth, SEFI
15:00-16:00	Open House for Suggestions, Queries and Comments from Participants	
16:00-16:20	Tea Break	
16:20-17:20	Open House (continues...)	
17:20-17:30	Closing Comments	

C V R Murty is Institute Chair Professor at IIT Madras. He has been associated with major revisions of the Indian Seismic Codes for buildings and bridges, and in development of NDMA guidelines towards earthquake for disaster mitigation. He is a Fellow of the Indian National Academy of Engineering.

Rupen Goswami, is Associate Professor, **IIT Madras** and is a member of BIS and iRC committees. His research interests are in seismic design of reinforced concrete and steel structures. He has co-authored numerous publications with Prof Murty such as "Earthquake Behaviour of Buildings" and "Introduction to Earthquake Protection of Non-Structural Elements in Buildings".

V V Arora is Joint Director & Head, Centre for Construction Development and Research, National Council for Cement and Building Materials Ballabgarh, Haryana. He is Member of various BIS, IRC and ISO Committees/Panels related to design, construction and construction materials and chairs the BIS Committee CED 53 on cement matrix products.

The above speakers are members of Code Drafting Group for IS 456 and IS 1343.

SEMINAR ON PROPOSED CHANGES TO IS 456 and IS 1343

at Nehru Science Centre, Mumbai

Revised Date to be Announced
